Subject: Winter Weather Watch – Effective Tuesday, February 11, 2025

Notice Text

With colder weather forecasted across the Southern Star system, Southern Star is issuing a winter weather watch beginning Tuesday, February 11, 2025, at 9:00 AM CST. Southern Star requests that shippers adhere to the following criteria:

Customers with TSS and STS contracts should ensure that their flowing gas to storage gas withdrawal relationship is per their contractual agreements
ISS withdrawals and PLS withdrawals will be available on a limited basis
Incremental Loans will be unavailable
Imbalance makeup for gas due others (Southern Star off-system) will be unavailable
Receipt and delivery point operators should ensure that flowing volumes match confirmed scheduled quantities
Other interruptible services such as PAL, ISS, and Storage Overrun could be impacted
Southern Star will issue underperformance notices to each point operator not delivering the scheduled quantities they had confirmed. Southern Star will unilaterally reduce scheduled quantities per the tariff to match actual flow if the delivering operator does not remedy the underperformance in accordance with the notice.

If customers do not adhere to these requests, or if actual weather or operating conditions require it, Southern Star could issue a system wide, point or shipper specific OFO on short notice.

These conditions are expected to remain in effect through Thursday, February 13, 2025. Southern Star will review and provide any changes or updates on the status of its system for the period of this posting. If you have any questions regarding this notice, please contact one of the Customer Service or Scheduling Representatives listed below.
