**Notice Eff Date Time:** 1/26/2026 09:58 AM

**Notice Eff End Date Time:** None

**Post Date Time:** 1/26/2026 09:58 AM

**Subject:** Winter Weather Watch

## Notice Text

The previously posted winter weather warning has been changed to a winter weather watch due to improved forecasted temperatures across the Southern Star system, beginning Tuesday, January 27, 2026, 9:00 AM CST. Southern Star requests that shippers adhere to the following criteria:

Customers with TSS and STS contracts should ensure that their flowing gas to storage gas withdrawal relationship is per their contractual agreements

ISS withdrawals and PLS withdrawals will be available on a limited basis

Incremental Loans will be unavailable

Imbalance makeup for gas due others (Southern Star off-system) will be unavailable

Receipt and delivery point operators should ensure that flowing volumes match confirmed scheduled quantities

Other interruptible services such as PAL, ISS, and Storage Overrun will likely be impacted

Additionally, Power Plant Operators must have nominated supply.

The following locations will have limited capacity as shown:

40,000 Dth/d Northern Natural Kiowa (Location ID 17096)

30,000 Dth/d OGT Mutual Delivery (Location ID 33)

10,000 Dth/d NGPL Barton (Location ID 121415)

0 Dth/d ANR Alden (Location ID 35515)

0 Dth/d Jane Net Delivery (Location ID 444230)

Southern Star will issue underperformance notices to each point operator not delivering the scheduled quantities they had confirmed. Southern Star will unilaterally reduce scheduled quantities per the tariff to match actual flow if the delivering operator does not remedy the underperformance in accordance with the notice.

If customers do not adhere to the request, or if actual weather or operating conditions require it, Southern Star could issue a system wide, point or shipper specific OFO on short notice.

These conditions are expected to remain in effect through 1/31/2026 returning to normal 2/1/2026. Southern Star will review and provide any changes or updates on the status of its system for the period of this posting.
